- An exhibitor may enter only one specimen per class and one class per specimen.
- Color requirements: to be eligible for the heaviest pumpkin, the specimen must be a minimum of 80% white to cream-yellow to orange in color. To be eligible for the heaviest squash the specimen must be at least 80% green.
- The specimen must be: sound, healthy, undamaged, free of rot, holes, cracks through the cavity, chemical (fungicides) residue and serious soft spots.
- No foreign material is permitted to be included in the weighing. The vine must be trimmed to one inch from the stem of the fruit.
